Hello! We are Silicon Valley Dog Sitters. We are a small family with Brenda, Ernesto and Kowga our dog. We have been dog sitting / dog walking with app based services as a side hustle since 2017. It is rewarding work that we enjoy doing. We love making the dogs a part of our family and spoiling them with play time, treats and walks. Even after dogs leave us we reminice the times we have had with them. Each and every dog is special to us and we can't wait to take care of more dogs.
